

## **laser skin rejuvenation (titan,1064 & IPL) before & after care instructions**

### **Before treatment:**

There are no complicated pretreatment rituals with this procedure. Prior to the procedure you will be asked to remove your make-up or moisturizers, and to have the area of treatment shaved, excluding eyebrows. There are generally no numbing creams required for either of these procedures.

### **After treatment:**

Immediately after the treatment you will experience some minor redness. The redness typically lasts, at the most, a few hours. You can expect to immediately return to normal activities, utilizing sunscreen, if participating in outdoor activities. You may bring your make-up to the office, and apply prior to leaving the office.

Please do not hesitate to call our office if you have any questions or concerns.
